

# MACHINE GLASS WASHING DETERGENT

Contains: Disodium metasilicate (<10%); Sodium Hypochlorite (<5 %);  
Other ingredients classified as non hazardous at the concentrations used according to the criteria of Safe Work Australia.

Machine Glass Washing Detergent is a mildly chlorinated detergent for the routine cleaning of beer and bar glasses, either by hand application or by an automatic glass washing machine.

Machine Glass Washing Detergent is specially formulated for the inevitable buildup of scale deposits, mould and other hard to remove stains such as lipstick.

Machine Glass Washing Detergent is mildly chlorinated to leave glasses hygienically clean and sparkling.

## Machine Glass Washing Detergent:

- ✓ Mildly chlorinated
- ✓ Removes stubborn stains such as lipstick
- ✓ Cleans
- ✓ Phosphate free
- ✓ Leaves glasses hygienically clean
- ✓ Leaves glasses sparkling
- ✓ Bio-degradable

# LEAVES GLASSES HYGIENICALLY CLEAN AND SPARKLING

## Directions for Use:

Use in a concentration of 1 part product to 20 parts water. Follow instructions and recommendations of the machine manufacturer. Rubber gloves should be worn, particularly during hand washing.
