BioPak

Huskee.™

September 2026

Packaging That Puts The Planet First

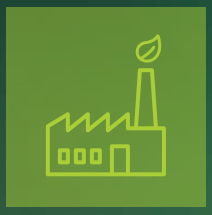

Certified B Corporation

Change Is In Your Hands

At BioPak, we create sustainable foodservice packaging made from rapidly renewable, plant-based materials. Since we began in 2006, we've become a globally recognised brand committed to disrupting the current take, make, waste model and leading the way toward a truly circular economy.

Packaging Made From Plants

Responsibly Sourced & Manufactured

Certified Compostable

Easy Custom Solutions

Acknowledgement of Country

BioPak acknowledges the Traditional Owners of the lands on which we live and work across Australia, particularly the Gadigal people of the Eora Nation, on whose Country our Sydney headquarters is located. We pay our respects to Elders past, present and emerging, and recognise the continuing connection of Aboriginal and Torres Strait Islander peoples to land, waters and community. We acknowledge that caring for Country has been practised for tens of thousands of years and that this knowledge should continue to guide efforts to protect and restore our environment today.

BioPak Group Vision

As a proudly certified BCorp, The BioPak Group is a pioneer in circular packaging that aligns human progress with the health of the planet.

Certified B Corporation
Learn more at bcorp.com

The Global BioPak Group

Founded in 2024, the Global BioPak Group brings together four complementary brands: BioPak®, Huskee®, decent packaging® and Bygreen®. While the Group was established in 2024, BioPak itself has been pioneering sustainable foodservice packaging solutions for over 20 years.

Together, the brands offer a comprehensive portfolio of sustainable foodservice solutions spanning compostable, recyclable and reusable packaging, supporting businesses at every stage of their sustainability journey.

Each brand plays a distinct role within the portfolio:

Accelerating the shift to a circular economy.

BioPak, the compostable packaging pioneer, focuses on packaging designed for the circular economy, creating compostable and recyclable solutions suited to food on-the-go.

Unmake waste beautifully through design.

decent packaging specialises in design-led compostables and cultural-first sustainability. Available in the UK and NZ, working with specialty coffee brands with celebrity designs.

Make reuse irresistible.

Huskee develops premium reusable cups and closed-loop reuse systems, designed for cafes, campuses, events, stadiums, workplaces and retail environments.

Deliver strong and reliable natural/renewable products.

Bygreen provides everyday, performance-led tableware for use across the foodservice and hospitality industry. Home of the industry-leading 'Strong Straws.'

Single Use Plastic Bans Australia

BioPak supports single-use plastic bans and offers approved alternatives for all banned items. Alternatives include FSC™ wood and paper products, plant-based packaging and certified compostable products.

The following information reflects all bans regulated as of the May 2026. More detail available at [biopak.com/au/au-plastic-bans.](biopak.com/au/au-plastic-bans)

*Exemptions in each state allow the supply and use of some banned single-use plastic items for specific circumstances. Please refer to each state's website.

Please ensure compliance with the bans by using only certified compostable items (Home Standard AS5810 or Industrial Standard AS4736) in WA and SA, where some compostables are accepted as alternative to banned plastic items.

BioPak has the solutions to help you transition smoothly and effortlessly ahead of these bans. Please note that the detail here is BioPak's interpretation (not legal advice) of the regulation passed and proposed.

Give Back Fund

As a profit for purpose business, we are driven to preserve and protect the environment and give back to the communities we live in.

We started the BioPak Give Back Fund in 2012 and have since dedicated our time, energy and a total of:

$5,807,069

In 2025 we gave $508,988 through our Give Back Fund, bringing our total contribution to $5,807,068 since 2012.

In 2025, this was made possible by:

Donating 1% of profits to Rainforest Rescue to plant 6,240 trees

Providing 463,924 meals to people in need through OzHarvest, KiwiHarvest and Foodbank

Positively impacting 200,000 lives via MedEarth, repurposing medical equipment destined for landfill

Donating more than AUD $170,000 in BioPak products to an array of important charities and community organisations

Learn more about our Give Back Fund at www.biopak.com/about/give-back-fund

Custom Packaging
Made Easy with BioPak

Turn our packaging into your packaging with custom branding and tailored design solutions. Whether you're after simple branded packaging or a fully custom design, we make it easy to create packaging that reflects your brand.

From printed straws and branded cups to completely custom shapes, sizes, and moulds, our team can help bring your vision to life. Looking for something unique? We can create everything from oyster trays and taco holders to beer rings and more.

What we offer:

Simple custom branding across our existing packaging range

Fully customised packaging solutions

Free design services

Fast production turnaround

Free warehousing and storage with flexible stock drawdowns

Inventory management support so you never run out of stock

Paper Cups, Lids & Accessories

Hot Paper Cups & Lids

Hot cups made with paper from managed plantations, lined with a certified home compostable water-based aqueous or a certified industrially compostable plant-based bioplastic lining.

BioCup Accessories

Find certified home compostable lids, recycled paper cup trays, FSC™ certified cup sleeves, stirrers and teaspoons.

Huskee Reusable Cups

HuskeeCups include the Original, Renew, and Steel ranges—each designed for sustainability. Made from coffee husk, recycled plastic, or from 91% post-consumer recycled stainless steel, they look great, reduce waste, are reusable, durable, and elevate coffee rituals.

HuskeeOriginal Reusable Solutions

HuskeeOriginal range is crafted from coffee husk, a byproduct of the coffee industry. This innovative repurposing approach gives new life to what would otherwise be waste, aligning sustainability with style. With matching lids and saucers, every component offers a thoughtful, sustainable solution from crop to cup.

HuskeeRenew Reusable Solutions

HuskeeRenew is made from Tritan Renew 50 — a durable, shatterproof material made from 50% certified post-consumer recycled content.

Made to last, it's stain-resistant, dishwasher safe, and designed to retain its clarity wash after wash. Lightweight and stackable, it pairs perfectly with our compatible lids and saucers for seamless everyday use.

Cutlery & Napkins

Wooden Cutlery

FSC™ certified birchwood cutlery and wax-coated cutlery.

Bioplastic Cutlery

Certified industrially compostable (AS4736) bioplastic cutlery is made from a plant-based bioplastic – produced from rapidly renewable corn starch.

Sugarcane Cutlery

Rapidly-renewable plant fibre cutlery with no added PFAS. Certified home compostable (AS5810).

Napkins

Made from FSC™ certified paper with matching dispensers to reduce wastage.

Wooden Cutlery

Custom Printing & Hot Stamping
MOQs apply

Sustainably Sourced Birchwood and Bamboo

Hot + Cold Friendly

FSC™ Coated Wooden Cutlery

Coated with a food safe, non-toxic, compostable plant-based carnauba wax.
